

Mrs Madden's Class News

Friday 9th February 2024

Creativity has been the word of the week, the children loved the large-scale drawing, mark making and writing on long rolls of paper. We showed off our work in celebration assembly this afternoon.

Mrs Hampshire was fabulous at demonstrating how to hop forwards, backwards, sideways, quarter turn, half turn, full turn (very impressive!), quietly and high! Headteacher's sticker for you, Mrs H! The children then showed off how amazing they could hop. We also had a few games of 'Duck, Duck, Goose' this week.

Maypole dancing was full of enthusiasm on Thursday morning. The children listened to the instructions brilliantly. We're going to attempt going under and over next week!

EYFS were the best class during the fire drill this morning. They were quiet, they listened carefully, followed instructions – they were simply FABULOUS!!

We have decided that we will postpone our ice activities until the summer when we can enjoy cooling ourselves down in the heat – fingers crossed!

Next week we'll learn about Shrove Tuesday and St Valentine's Day... we can't wait! We will be making pancakes, if your child has any allergies, please ensure we are aware of them, thank you.

I hope you all have a happy and safe weekend!

Mrs Madden 😊
