

Mrs Madden's Class News

Friday 28th February 2025

We had a lovely catch up on Monday morning, it great to see what some of you had been up to on Tapestry.

We've been very busy inside and outside this week. The children have been making mud pies in the mud kitchen and the children had to work collaboratively to organise the resources in the loose parts area. They used colourful balls, guttering, stands and blocks to find ways to roll the balls down the guttering. The children were supported to share ideas and discuss where to play objects with other children - fabulous work everyone!

Cutting skills have been another big focus this week. We've talked about how to hold scissors safely around the classroom and the various scissors available for the children to use to support the stage they're at. They have made a start to cut their own rainbow cloud!

Next week is super busy...

Monday we will learn about St David's Day and share Welsh cakes and Bara Brith, thanks to one of our reception parents! We will also create some daffodil artwork.

Tuesday is Pancake Day, we will be making pancakes and eating them! We have lots of pancake themed activities to enjoy.

Thursday is **WORLD BOOK DAY!** – dress up as a story character.

What a lot to look forward to, I hope you all have a wonderful weekend in the meantime. 😊

Mrs Madden
