

Mrs Madden's Class News

Friday 21st March 2025

This week has flown by!

We've been busy working our fingers muscles with pom poms, tweezers and spring chickens this week.

In Maths, we've been ordering numbers as well as counting objects and practising number formation.

In PE the children were practising ball skills. They were learning to aim and throw their ball to hit a wicket.

Next week we will continue to learn about spring and begin to learn about Easter and welcome you for our 'Learn with Me' on Thursday morning 9am.

I hope you all have a wonderful weekend. 😊
Mrs Madden
