

Mrs Madden's Class News

Friday 25th April 2025

This week we learned about 'St George and the Dragon'.

They particularly liked the part where George 'slayed' the dragon. The children recorded their ideas trying really hard to draw or write. They explored castles in block play and helped to build our own small world castle. The children have loved recreating their own knights and dragons play. Reception learned about the different parts of a castle and thought about who would live in their castle if they had one. They have been making their own St George's flag and this afternoon we navigated the 'Bee Bot' floor robot around a castle mat and draw a castle using 'step by step' instructions.

In readiness for our VE day celebrations, we have thought about how children were evacuated to the countryside. The children are writing some beautiful letters to their parents pretending that they were evacuated. There were a few teary eyed adults as we read them!

We had lots of time outside in the sunshine!

Please ensure your child has a named sun hat and long-lasting sunscreen applied before they come to school – adults are not able to apply sunscreen to the children.

Have a wonderful weekend and we'll see you next week!

Mrs Madden 😊
