

## Mrs Madden's Class News

Friday 9<sup>th</sup> May 2025

The past two weeks have all been about preparing and understanding VE day. We couldn't be prouder of the children as they have embraced the stories, we've shared with them. This week, Mrs Bradbury brought in a helmet, badge and two gas masks for us to look at and try on! They belonged to Mr Bradbury's Great Uncle who used to be an ARP warden (Air Raid Precautions) in WW2.

We watched a tour of the Air Raid Shelter Museum in Stockport. It was fascinating... and worth a visit!

Bikeability – exciting news that some of our children have progressed to using the pedal bikes and have been cycling around the playground with confidence! Our top tip: ditch the stabilisers and take off the pedals so they can practise balancing at home, then when they've got the balance sorted, put the pedals back on.

We had lots more time outside in the sunshine!

Next week we will be producing some artwork for Middlewich's Folk and Boat Festival and another local community project.

Have a wonderful weekend and we'll see you next week!

Mrs Madden 😊
